## **GREEN POLICY DOCUMENT**

### **Motto:**

**“GO GREEN FOR NEXT GEN...”**

The whole world is actually aware of the need to protect the environment. Protecting the environment has become a collective responsibility. So we believe our institution is also an integral part of environment protection. It is our duty to bestow protected environment to next generation. We believe in environment protection with industrial growth. So with this aim our institution envisaged “Go Green for Next Gen.” as motto to implement Green policy.

### **Context:**

Environment plays an important role in healthy living and the existence of life on earth. Humans need to interact with the environment with perfect balance. But we are directly or indirectly damaging the environment, creating problems like air pollution, water pollution, global warming,

reducing ozone layers and indiscriminate use of natural resources for our benefit. Green Audit has become necessary as it is most efficient and ecological way to assess and solve environmental problems. It is a way to save our planet Earth and go

for greenery. Even in corporate sector conscious efforts are made to preserve and protect environment through various programs. The educational institutions are expected to undertake various initiatives and measures towards environment preservation and protection by organizing various activities like Green campus, plantation of trees, plant and save trees, proper use of natural resources, waste management, renewable energy etc. Green Audit is to monitor for our green status.

### **Objectives:**

The main objective is to attain sustainable environment with friendly practices on the campus by incorporating all aspects of environment concerns, preservation, protection, orientation and awareness.

- To train the community members regarding environment issues, necessary measures for preservation and sustenance through various initiatives and different activities.
- To initiate “Go Green for Next Gen.” campaign through awareness programs in campus and take it to outreach community.
- Green audits to be conducted monitor our green journey.

### **Environment friendly initiatives:**

- Optimal use of all natural resources and avoid wastage.
- Maintain the quality of the resources for better health.
- Inculcate environment consciousness among the stakeholders to avoid pollution and abuse of resources.
- Adoption of green environmental practices like use of biodiversity, improve greenery in and around the campus.
- Encourage all stakeholder of the college to use bicycles and electrical vehicles.
- Reuse of waste water to trees.
- Observance of No Vehicle Day on 1st day of every month to control carbon emission, air pollution and noise pollution.

- Adopting to paperless activities.
- Reuse of waste paper (one side of used paper for academic work)
- E-waste management, repairs, reuse.
- Plantation of plants as air purifiers.
- Prohibition of plastic bags.
- Proper dry and wet waste management.
- Organize workshop, seminars etc.
- Research projects, etc.

**Action Plan:**

To create awareness among the stakeholders for implementing the environmentally sustainable green practices like tree plantation, plastic free campus, use of renewable resources, waste management, water conservation, rain harvesting, health, sustainable development, research etc.

The institution has formed Audit committee to initiate all types of audits and get done final Green Audit and certification from professional auditing agency.

## **ENVIRONMENTAL POLICY**

*“Clean campus and Green campus”*

### **ENVIRONMENTAL MISSION:**

- To imbibe awareness of plastic use and create interest for use of cotton.
- To convince importance of water in life and its proper use.
- To turn towards economical use of power energy and oil.
- To develop sense of using solar energy in various fields and save energy
- To implement buy back policy for E-wastage.
- To create consciousness of tree plantation and its proper cultivation.

### **ENVIRONMENTAL MISSION:**

For effective implementation of the Environmental Policy, the College has constituted Environmental forum. The structure of the forum is given in below:

1. IQAC Coordinator - Asst.Prof. Kshirsagar Dharmvir Shahu
2. Faculty Member- Shri. Dhure Suresh Ganpatrao
3. Faculty Member- Shri. Sachin Somgonda Patil
4. Faculty Member- Dr. Patil Sanjeevani Sandeep
5. Student Representative - Smt. Patil Sharvari Subhash
6. Student Representative - Smt. Devekar Sanika Shivaji

## **ENERGY POLICY**

### **Introduction:**

A key component of the College Sustainability Program is energy conservation. Listed below are several guidelines that are intended to manage and reduce energy consumption on all college campus. These guidelines should be followed by all faculty, staff, administration, and students. The Energy usage Policy of college is to manage energy in such a systematic way to minimize its impact on the environment. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

### **Policies:**

- To assess source energy usage and measure its impact on the environment.
- To install photovoltaic solar panels for the generation of alternate energy.
- To install LED bulbs in the whole campus to save energy.
- To develop systematic waste management mechanism.
- To develop rainwater harvesting unit.
- To undertake tree plantation drive.
- To monitor and respond to emerging environmental and energy issues. To strengthen our employees' and students' environmental knowledge and skills to improve our own environmental performance.
