STUDENT SATISIFACTION SURVEY

2023-24

In the year 2023-24 the satisfaction survey was conducted. A total of 346 students registered their observations. A questionnaire of 20 questions was prepared on the basis of Google Form, one of which was for recording observations, and the observations were analyzed using the **Linear method**.73.4% students reported 85 to 100% course completion in online and offline mode in class. 84.7 % of the students reported that the teacher prepared the class well. 89.9% of the students observed that the teacher was always effective in communicating. 86.1% of the students expressed the opinion that the internal assessment process is always fair. In order to make the study teaching more effective, the following observations were recorded by the students.

Suggestions:

1. Practical Lab /Computer Lab

2. Ground

3. The number of programs should be less.

4. Use of ICT
